

Contractor Series

the choice for **value** and **reliability**

chain drive
1/3 HP
garage door opener

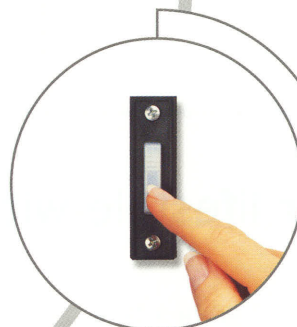

1345/46

rugged...reliable

A 1/3 HP motor combined with a strong chain drive provides steady performance.

now with ERT™
technology

Provides superior protection from outside radio signal interference, now operating at 315MHz.

lighted door
control button

Illuminated push button convenience. Operate your door from inside the garage.

Security+®
remote control

With rolling code technology, you are assured of a new code with every use. Every time you push the button, the code automatically rolls over to any one of more than 100-billion new codes, never to be repeated.
